

AFRICA PHOTO SAFARI

A life-changing experience with stunning photo opportunities

August 23 to September 1, 2017

You are invited to join award winning wildlife photographer Karen Schuenemann and Simba Marara's premier safari guide and for an exciting Safari to the heart of Africa. Our team will provide the ideal safari, tailored to our exact specifications to provide a truly memorable experience and put us in position to make some breathtaking photographs and life-time memories!

We've hired Oscar Mwangi, Africa's foremost guide to find the animals and teach us their behaviors! We are staying in deluxe lodges and eating amazing meals... all while in the bush listening to the lions roar! We'll ride in customized safari vehicles (four photographers per vehicle instead of the usual seven people) to insure great photo and visual opportunities for everyone.

Our Africa safari offers the opportunity to capture the big game animals, colorful birds and local people in true "National Geographic" style while enjoying the company of good friends and fantastic photographers. We plan to be on location for the great migration and all the photo ops that accompanies the annual movement of the predator and prey. Two game drives each day, visits to local villages and Karen's personal attention will assure your success and enjoyment. Don't miss it... register today!
