

AFRICAN PHOTO SAFARI

A life-changing experience with stunning photo opportunities
August 20 to August 31, 2018

You are invited to join Mark Comon and Simba Marara's premier safari guide for an exciting Safari to the heart of Africa. Our team will provide the ideal safari, tailored to your exact specifications to provide a truly memorable experience!

We've hired Oscar Mwangi, Africa's foremost guide to find the animals and teach us their behaviors! We are staying in deluxe lodges and eating amazing meals... all while in the bush listening to the lions roar! We'll ride in customized safari vehicles (three photographers per vehicle instead of the usual seven people) to insure great photo and visual opportunities for everyone.

Our Africa safari offers the opportunity to capture the big game animals, colorful birds and local people in true "National Geographic" style. We plan to be on location for the great migration and all the photo ops that accompanies the annual movement of the predator and prey. Two game drives each day, visits to local villages and Mark's personal attention will assure your success and enjoyment. Don't miss it... register today!
