

DEATH VALLEY ADVENTURE

January 25 - 28, 2018

About the Adventure

Creative Photo Academy Adventures provide the opportunity to make amazing pictures with the guidance of our visionary photographers. Our adventure leader will show you the best locations under the right light and be empowered to create your dream photos. If you have ever wanted to learn-by-doing, explore the technical and artistic aspects of photography, and shoot with the comfort and camaraderie of a group, our CPA Adventures are for you!

Death Valley is a contrast of harsh reality, natural beauty and extreme challenges. Dry lake beds, steep canyons, and geologic upheaval provide the subject. Early morning and late afternoon sun provide the light of creativity. Our staff provides you the knowledge and inspiration you need to succeed. Join us for one of our most popular photographic experiences!
