Inspirational Images 2018 is an exploration of **Ansel Adams** photographic prowess. An iconic photographer of a generation, his thirst beauty, technical excellence and conservation are an inspiration to any artist. The class will use *Andrea Stillman's Looking at Ansel Adams: The Photographs and the Man* as a guide to study his thought, vision and technique and to incorporate them into our photography. Ansel's vision and compositions are staggering, and his dynamic expression will lead us to a new understanding of what it takes to make not just beautiful images, but powerful meaningful pictures.

Creating a photo project or a personal portfolio is a worthy challenge for any photographer. **Focus on Your Vision** utilizes monthly interactive print presentations to inspire discussion of your creative photographic process. You will focus on your photographic technique and artistic process whilst simultaneously building a collection of your best works. You will grow through personal coaching, artistic development, and by the end you will have honed your unique expression in a nurturing group environment.
