

# Alaska Photo Adventure

July 4 - July 10, 2017

Join us on the wildlife photography tour of your dreams: a **Photo Safari in Alaska!** Your adventure includes exclusive access to some of the most spectacular scenery in Alaska and up-close viewing of bears and eagles in the natural habitat. We will be experiencing the real un-spoiled Alaska and bountiful wildlife that will be accessible from our traveling accommodation aboard the *Coastal Explorer*, creating virtually unlimited photographic opportunities.

## Pricing:

Katmai National Park covers 6 million square miles of wild and unspoiled Alaskan Wilderness. The month of June offers some of the very best wildlife photography opportunities in the world, including the highest concentrations of coastal brown bears on the planet. Along the backdrop of towering snow covered peaks, lush meadows, rushing rivers, and blazing fire-weed, mothers and cubs forage in the coastal flats while eagles soar overhead, fishing in the sound and feeding their chicks. Immerse yourself in the wilderness and create stunning works of art with us.

### Recommended Flights

You will be required to be on Kodiak Island on **the morning of July 4<sup>th</sup>** to catch the float plane over to Katmai NP.

### Accommodation

We'll be living aboard *Coastal Explorer*, anchored in a bay off Katmai NP. All state-rooms are double occupancy. Chuck provides excellent food including LOTS of fresh seafood.

### Physical expectations

**Moderate.** There will be no hiking but we will be walking on flat, sometimes muddy, grounds for up to 2 miles.

## About the Adventure:

- **#923 Alaska Photo Adventure**      \$6,750
  - **#923 Alaska Adventure Couple**      \$12,500
- \$1,500 deposit (*non-refundable per person*)  
 \$595 Float Plane from Kodiak Island to Katmai
