

Film Noir Photo Shoot

Friday, June 29th 7-9:30pm

Take yourself and your photography back to the 1940s.... Let your creativity capture Bogie and Bacall with the benefits of today's digital photography. This popular Film Noir Shoot will show you to how to handle the light and pose the model on our Hollywood style set. Shoot alongside pro's for real hands-on help and fun photography and create some AMAZING pictures!

On the Film Noir Shoot you will learn to use the power of "continuous lights" to create a mood and feeling. You will see how to pose the model "on set" to complete the scene. Our instruction will inspire you to control the camera, lens, aperture and shutter to build the effect you desire in black and white.

Digital SLR photographers of all skill and interest levels invited! Pack your bag for a fun evening of photo creativity. Add the Black & White workshop to complete your wonderful weekend photo experience.

Limited to 20 participants
