Seven glorious days and nights of creative photography

OLD HAVANA. There is no place or no experience on earth like *La Habana de Cuba*. Walking the streets, meeting the people and photographing Old Havana is amazing. Stops at Park Central, old Partigas cigar factory, Hemmingway's favorite bar and famous Old Car Square will allow us to experience great moments and even greater pictures. Our tour will take us to new Havana, the famous Hotel Nacional and the always colorful vegetable market.

VINALES. Our tour takes us into the country and capture the beauty of Western Cuba. Unique colonial architecture, historic streets and painted houses create fantastic photos. We'll visit tobacco fields and a working cigar factory.

"KID CHOCOLATE" BOXING ARENA & LIZT ALLFONSO BALLET. CPA offers "behind the scenes" and special access to unique venues and fantastic photo opportunities.
