

Drone Photography

Fly Like a Pro!

About

Learning all of the ins-and-outs of legally flying a Drone can be complex, confusing, and intimidating. Let our expert Kirk Wester guide you through the process in our Drone Photography class. Designed to walk you through everything you need to know from must have gear, camera settings and how to overcome the Jell-O effect. Learn what third party apps are available and which ones to use to help you make beautiful photos.

We will cover all photo and video post processing software, what to use and why. A look into the FAA Part 107 (Drone Law), what it is and why you need to be certified to fly. **Receive a \$50.00 discount for an online FAA*

Kirk Wester

Our Drone Specialist Kirk Wester has spent many years in the field of photography, starting over 32 years ago as an underwater photographer. Kirk has spent the last couple of years shooting with drones. He is a certified FAA Licensed Private Pilot and FAA Licensed UAS (Drone) Pilot. He will teach you how to fly like a pro!
