Get the most from your NIKON SLR camera

Jan 22, 2018, 7pm

What is the difference between a f-stop and a bus stop? ISO? Shutter Speeds? Aperture? Lenses? If you are new to the world of DSLR photography or are thinking of purchasing a camera but want more information first, this class is perfect for you. We will walk through a lot of the settings on the cameras and when to use them. We will help you figure out which lens to use and how to create an engaging composition for your photograph. It will be informative and fun!

Focuses on Nikon D3400 & D3000 series, Nikon D5600 & D5000 series cameras.
