

Online Photo Boot Camp

The exciting Photo Boot Camp experience LIVE in your home

Photo Boot Camp provides you the most cohesive approach to learn how to use your camera creatively. Get to know the functions and controls of your camera. Hone your skills through inspiring instruction, practical assignments, and constructive image reviews. A digital interchangeable lens camera is recommended.

Lesson 1: The Camera

- Shutter speeds for control and creativity.
- Understanding f-stops and the effect of aperture.
- Learning to use ISO for better pictures
- Lenses for creative vision and photo control.

Lesson 2: The Image

- Visualize the image & capture the moment.
- The basics of composition and image design.
- Look for success in the details!

Lesson 3: The Exposure

- Understanding creative exposure.
- Utilizing your light meter properly: Matrix vs Spot.
- Mid-tone and achieving proper exposure

Lesson 4: The Light

- Understanding the qualities of light.
- Recognize and use the direction and color of light to create the photograph you desire.

Lesson 5: Flash and Focus

- Learn the basic rules and uses of electronic flash.
- Using depth-of-field, narrow and deep focus to highlight your subject and control the viewer's eye.

Lesson 6: Improve Your Image

- Using filters for creative control.
- See ideas for sharing your photographs and improving your photos in the future.
- Building your photo skills for the future

Boot Camp Students say: *"I LOVED the classes and assignments so much! I learned my camera too!"* **Paula**

"Great Class very informative, I can now take pictures without being on auto! Mark made the class fun." **Jody**

"I learned so much and have a greater appreciation for the art and science of photography. I have no doubt that I will use what I learned to achieve the photos I envision!" **Mitzi**
